

The Leota finalists are in!! Thank you to our wonderful judges who volunteered their time to review all the wonderful entries! Susan Griner, local published author, Danielle LeFleur, local professional photographer, Pam Martin, local professional Illustrator, and Laurie Balise, local professional dancer.

All the entries were so good this year, it was VERY hard to pick only 20 to go on to districts, the judges scores were so close! If you did not get picked this year, don't despair, try again next year!! Work is judged on theme, craftsmanship, and creativity so with such great work this year, one little thing can make the difference.

To those who did win judges' or students' choice awards and to those who moved on to the District level, Congratulations to You!
